

RULES FOR VISITORS

Visits for PERSONS WITH NEGATIVE TESTS permitted

- Access only with a negative corona test, regardless of the vaccination status. Rapid test: valid 24 h or PCR test: valid 48 h
- During the entire visit, an FFP2 mask is to be worn by visitor and patient (to the extent possible).
- Visitors may not manifest any influenza or cold symptoms.
- Visiting time: Between 2 and 5 p.m., max. 60 minutes.
- One visitor is allowed per day and patient. This person must have been registered as the fixed contact person. An identity document is necessary for controls.
- In a multi-bed room, only one patient may receive visitors. Visitors for the other patient must wait outside the ward.

If the rules are not complied with, Ingolstadt Hospital reserves the right to proclaim a ban on visiting.
